1. CHOOSING YOUR GAZEBO

Find the Perfect Fit for Your Space

The right gazebo enhances your lifestyle and complements your home. Consider how you'll use your space, the size of your yard, and the features that matter most to you.

SIZE & SCALE

- Measure your area carefully.
- Leave enough room to move around comfortably.
- Consider the height in relation to your home and landscaping.

MATERIAL & QUALITY

- Choose durable materials that can withstand the elements.
- Look for weather-resistant finishes and quality construction.
- Wood, metal, and vinyl each offer different benefits.

STYLE & DESIGN

- Match your gazebo to your home's architecture and outdoor style.
- From modern to farmhouse, rustic to traditional—choose a look you will love for years to come.

CLIMATE & LOCATION

- Think about sun exposure, wind, and privacy.
- Add curtains or shades for comfort and protection.
- Place your gazebo where you'll use it most.

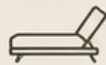

Designer Tip

A well-chosen gazebo becomes an extension of your home—blurring the line between indoors and out and creating a space you'll love through every season.

Your needs will help determine the size, shape, and features that are right for you.
